

Cricut

(Explore Air 2)

What to bring:

- Materials for your project:
 - Scrapbook paper, Cardstock
 - Vinyl (Removable, Permanent, or Iron-On)
 - Acrylic for Stencils
 - Bonded Fabric
- Optional: Designs for your project
 - MCDL provides access to Cricut Design Space software, which includes free fonts, images, and projects. However, if you'd like to purchase fee-based designs in this software, you'll need to create your own account. You can also bring in JPG, GIF, PNG, BMP, SVG, or DXF image files that you've designed or downloaded for use.
 - If you've used previous models of Cricut machines, you can bring in your cartridges for use with MCDL's Cricut Explore Air 2.

What is provided:

- Cricut, blade, mats, and tools
- Cricut Design Space software
- T-Shirt Press, Iron/Ironing Board
