Medina County District Library recognizes the role of printers, copiers and faxes in the management of the library, delivery of public services, and support of our facilities. MCDL provides copiers, scanners, printers and faxes for use by the public.

MCDL will provide outgoing FAX service to the public within the continental United States. The library will not receive incoming faxes for the public.

Using library computers or wireless devices, the public may print up to five free black and white pages per day or one free color page. Additional prints are charged at .10 per black and white per page, .50 per color per page, where available. A page includes both single and double sided. Ledger size paper (11 X 17) will be charged as two pages.
